The Commonwealth of Massachusetts

Department of Food and Agriculture

Leverett Saltonstall Building, Government Center

100 Cambridge Street, Boston 02202

July, 1993

Dear Buyer:

Your interest in seeking out a directory of Massachusetts products is evidence of your commitment to our local economy. Your purchase of our Bay State farm goods keeps farmland in production and important dollars from traveling out of state.

We believe that you will be pleased with the freshness and quality of products from nearby farms rather than from distant and perhaps less well known sources.

Massachusetts is also providing its farmers with the expertise they need to eliminate any unnecessary use of pesticides. Consumers can feel good about produce grown on Bay State farms because of the efforts of local growers and state government to reduce the use of pesticides through Integrated Pest Management and other sustainable agricultural practices.

The Green Book is a directory of Massachusetts growers who sell their produce and horticultural products wholesale. Growers are listed by product and grouped by county, and an alphabetical listing of all growers with addresses and phone numbers is also provided.

While this is the third data base revision, the Green Book was first compiled by this Department in 1978. Many changes have taken place and yet consumers can still rely on the "Massachusetts Grown and Fresher" logo as a hallmark of quality and good taste.

I would like to thank the growers who provided us with new and revised information for the data base of the Green Book. I would also like to thank the Bureau of Markets staff for their work and remind buyers that the Bureau compiles a variety of listings of farm producers and specialty products other than those included here. Please call the Bureau at (617) 727-3018 for more information.

Agriculture in Massachusetts will keep growing with your continued interest and commitment to "Buy Massachusetts." Thank you.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jonathan L. Healy".

Jonathan L. Healy
Commissioner

Perennials	49		
Plums	51		
Poinsettias	52		

The third edition of The Green Book was produced by the above Bureau of Markets staff with the assistance of office staff members Robin Rice and Ellen Hart, as well as the many farmers who provided updated information on their operations.

This publication lists Massachusetts producers of agricultural products that wholesale to retailers. These businesses responded to a mailed questionnaire and telephone inquiries; therefore, not all Massachusetts growers are listed. Every effort has been made to maintain accuracy and completeness. Please notify us of any inaccuracies or omissions.
